**Resident Engineer**  
To be determined

**Affected Legislative Districts:**  
**Senate:** 19, 1, 2  
**House:** 53, 26, 23

**Affected Municipalities:**  
Salt Lake City,  
Summit County

### **Project Description: DESIGN, Spot Safety Improvement**

This project will install dynamic signs to warn drivers who are exceeding speed limits to reduce their speed. The signs will be installed in three locations: **I-80 in downtown Salt Lake City, I-80 at Echo Junction and I-84 at Echo Junction (all in the eastbound direction)**. Each location is near a curve. Speeds will be displayed using either a dynamic sign or the combination of a static and dynamic sign.

### **Anticipated Schedule:**

- Advertise - Late 2006
- Construction - Summer 2007

**NOTE:** Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.
